

Get ready for the all-new Tax For All portal

8 February 2023 - The Tax Department has announced the commencement of the gradual implementation of its all-new Single Tax Administration Portal, called Tax For All (TFA).

This will progressively replace, amongst others, the TAXISnet platform.

Initially the new TFA system will be implemented for Value Added Tax (VAT) purposes. It is expected that by the end of 2024 the TFA will also be implemented for direct tax purposes as well.

Therefore, we strongly recommend taxpayers and clients to proceed immediately with updating their e-mail addresses through the TAXISnet website, as this is a necessary element for the transfer of their account from the TAXISnet system to the new TFA system.

The relevant [step by step](#) process is available at the Tax Department's [website](#).

As always, the Department of Taxation of Costas Tsielepis & Co Ltd is at your disposal should you require any further information, clarifications or assistance with any tax-related matter.
